

LOGO DESIGN COMPETITION · 2027

11 Years

سال ۱۱

An anniversary mark for Hammad Foundation that sits beside the logo people already know, and holds up the four promises it was built on.

Proposal by Hammad Hanif Bandukda
November 2026

THE BRIEF

Mark eleven years. Keep the logo.

> **“We are not changing our existing logo. We are simply looking to add something that reflects Hammad Foundation completing 11 years.”**
>
> Media team, 3 November 2026

Keep

The quartered emblem, exactly as it is: roti, tools, tap and heart.

Continue

The anniversary series: green, gold and a “Years” device, as in 2025 and 2026.

Work everywhere

Website, signboards, banners, billboards, T-shirts, hi-vis vests, campaigns and social posts.

THEIR OWN STORY

Eleven years in five marks

2015–2020

Two hands hold up the globe.

2020–2024

Four promises in one emblem.

2024–2025

The emblem becomes the bowl of the 9.

2025–2026

The emblem becomes the 0.

2026–2027

Eleven has no round digit. Beside “11” the emblem reads “110”.

Source: Hammad Foundation, “History of logos at Hammad Foundation”, Instagram, 13 Nov 2026. Vignelli's Abdi İbrahim 100 drew the 0 as the company's emblem; eleven needs a new move.

THE IDEA

Eleven years hold up the emblem

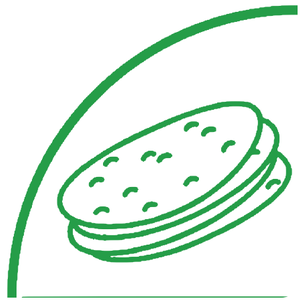

In 2015, two hands held up the globe. In 2026, eleven years hold up the emblem: the two 1s stand under it and are carved by its own circle. The number grows out of the emblem's geometry, and the emblem stays whole.

- ✓ **Reads as 11, never 110**
- ✓ **The emblem is untouched**
- ✓ **Gold numeral, as in the 10 Years mark**
- ✓ **The “Years” ribbon continues the series**

WHAT THE EMBLEM HOLDS

Four promises in one circle

Food خوراک

Roti Bank · Ramadan Bachat Camp

Skills ہنر

Skill Valley · Rozgar Program

Water پانی

Water Plants · Water Dam

Health صحت

Medical Complex · medical camps

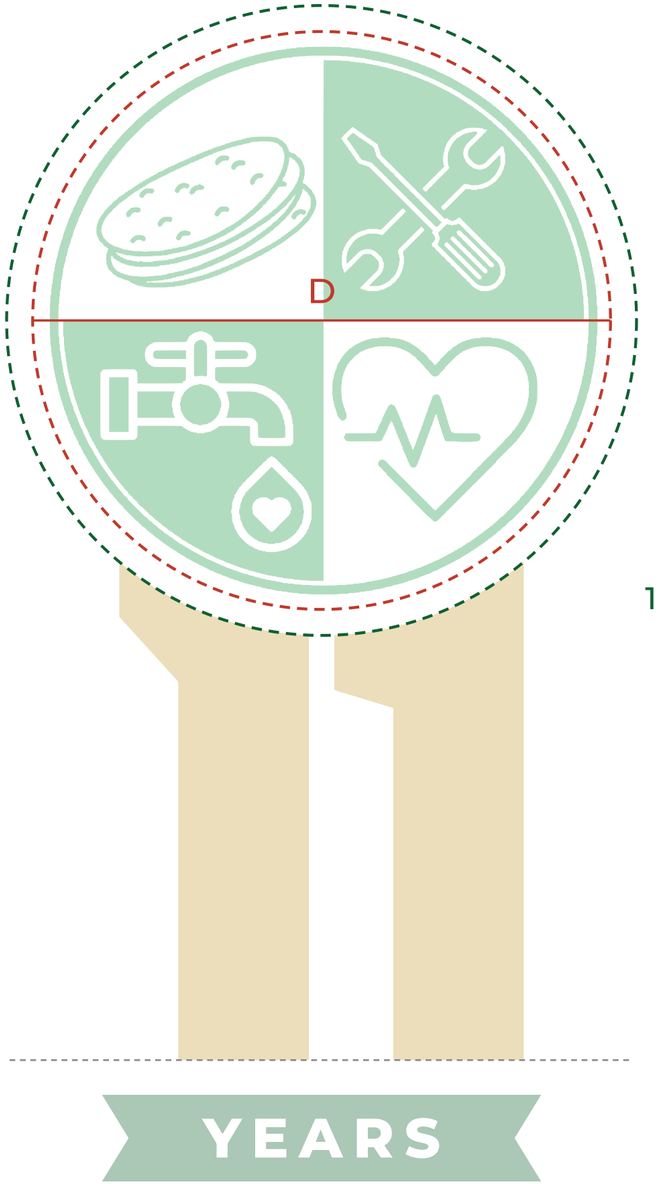

Eleven years of these four promises is what the mark celebrates. The quadrants also work as programme icons (page 18).

YEARS

CONSTRUCTION

Built from the emblem's geometry

- **D** = emblem diameter (the unit)
- The tops of the 1s follow a circle of **1.09 D**, concentric with the emblem: a constant gap of 0.045 D
- Each 1: stem 0.23 D wide with a flag; numeral height 1.24 D
- Gap between the 1s: 0.044 D
- Ribbon: 0.76 D × 0.15 D, notched ends; label Montserrat ExtraBold
- All type converted to outlines

TWO LANGUAGES

11 Years • ۱۱ سال

In Urdu, ۱ is a single vertical stroke, so plain stems read as ۱۱ and as 11 at once. The Urdu version drops the flags and carries سال on the ribbon.
